## ABOUT ME

I'm a full-stack developer who cares as much about why something is built as how. I love the intersection of clean code, thoughtful UX, and real business impact and I bring that energy whether I'm shipping features, running presales demos, or deep in my homelab at 11pm.

- C2 in English
- Driving Licence

## FAVOURITE TECH

JAVASCRIPT, REACT,  
DOCKER, LINUX, PHP,  
LARAVEL, SWIFT, GIT

## EXPERIENCE

- Software Evangelist**  
*Voome - Digital Signage Platform* Jan 2026 - Present  
Drove presales strategy as the technical voice of the product, combining live demos, solution consultancy, and storytelling to convert prospects and accelerate the sales cycle.
- Full-stack Developer**  
*Voome - Digital Signage Platform* Jan 2025 - Jan 2026  
Collaborated with a cross-functional team to develop parts of a cloud-based microservices CMS on AWS, powering dynamic content and ad delivery across a network of digital signage displays.
- Full-Stack Developer**  
*Mynd - Vimercate, Italy* Dec 2022 - Feb 2024  
Independently developed and maintained multiple websites and web applications for a communication agency, working alongside project managers and designers across the full project lifecycle.
- Frontend Engineer Consultant**  
*Reply Connect* Apr 2022 - Oct 2022  
Developed and maintained front-end iOS applications for smart home IoT control, delivering projects for major brands including De'Longhi, Eni Plenitude, Net Insurance, and Vodafone.
- Mobile Developer Intern**  
*Reply Connect* Apr 2021 - Sep 2022  
Built a SwiftUI application integrated with REST APIs to manage and monitor IoT sensors for an insurtech company, delivered as part of my thesis project.
- Communication Manager**  
*ESN Milano-Bicocca (Association)* Jul 2019 - Mar 2022  
Led a communications team handling social media, graphic content, and campaign promotion for ESN Milano-Bicocca's Erasmus arts and culture programme.

## EDUCATION

- Master in Computer Science**  
*Università degli Studi di Milano-Bicocca* 2019 - 2022  
Master's degree in Computer Science at the University of Milano-Bicocca, building advanced expertise in software engineering, systems design, and computational problem-solving.
- Erasmus+ Exchange Student Hamburg Germany**  
*Universität Hamburg* 2019 - 2022  
Erasmus+ exchange programme at Universität Hamburg, focusing on Intelligent Adaptive Systems (Robotics and Statistics).
- Bachelor in Computer Science**  
*Università degli Studi di Milano-Bicocca* 2016 - 2019  
Bachelor's degree in Computer Science. Focused on software engineering fundamentals, algorithms, and distributed systems.
- Erasmus+ Exchange Student Antwerp Belgium**  
*Universiteit Antwerpen* Sep 2018 - Feb 2019  
Erasmus+ exchange programme at the University of Antwerp, Belgium, focusing on A.I. and Cybersecurity.
